The uploaded document only contains Buyer specific Additional Scope of Work and / or Drawings for the bid items added with due approval of Buyer's competent authority. Buyer has certified that these additional scope and drawings are generalized and would not lead to any restrictive bidding.

Special terms and conditions-Version:1 effective from 02-05-2024 for category Electric Traction Lifts**1. The Following special Term Terms and Conditions (STC) will be applicable for the Category "Electric Traction Lift"**

This document outlines the Special Terms and Conditions (STC) governing the Contract between the Buyer and the Seller. It delineates the scope of work between Buyer and Seller. The buyer may define the requirements in ATC whenever required.

ATC supersedes product specific STC which shall supersede GTC whenever there are any conflicting provisions.

1. Buyer Shall furnish all relevant building information, including detailed drawings approved by the Competent Authority, to facilitate the preparation of lift drawings.
2. Based on the buyer's provided building information and drawings, seller shall propose the lift drawing to the buyer for approval.
3. The buyer will review and approve lift drawing, ensuring with product specifications.
4. Based on the buyer's approval of the lift drawing and alignment with product specifications, the seller will proceed with manufacturing and preparing the lift components. Concurrently, the buyer will arrange suitable storage facilities on-site to receive and store the delivered parts and equipment.
5. The buyer shall inform the seller about the completion of preparatory work on-site, such as ensuring the lift well, pit, and machine room are constructed and weather-tight, and any necessary scaffolding or fencing is in place, wherever required. The seller then verifies site conditions to ensure readiness for the delivery and installation of lift parts.
6. After the confirmation from the buyer regarding the site completion the seller would verify the site conditions.
7. Upon confirming site readiness, the seller shall proceed with the delivery of lift parts and equipment to the designated location on-site, as coordinated with the buyer.
8. The buyer shall ensure that the site meets necessary safety and regulatory requirements for lift installation before applying for permission of lift erection and the necessary permit from the regularity authority is available with the buyer.
9. Upon successful review and verification by regulatory authorities, the buyer obtains the lift erection license necessary for the commencement of installation activities.
10. After receiving the lift erection permission, the seller shall initiate the lift installation process as per the buyer's approval.
11. The buyer shall submit the completed application for lift running license to the competent regulatory body as applicable and seller shall necessary documents for getting the lift running license whenever applicable.
12. The buyer shall define the payment terms in ATC.

13. Responsibility of worker's safety at installation site during lift erection lies with the Seller.
