1. If the bidder is a Micro or Small Enterprise as per latest orders issued by Ministry of MSME, the bidder shall be relaxed from the eligibility criteria of "Experience Criteria" as defined above subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Experience Criteria, shall upload the supporting documents to prove his eligibility for Relaxation.
2. If the bidder is a Micro or Small Enterprise (MSE) as per latest orders issued by Ministry of MSME, the bidder shall be relaxed from the eligibility criteria of "Bidder Turnover" as defined above subject to meeting of quality and technical specifications. If the bidder itself is MSE OEM of the offered products, it would be relaxed from the "OEM Average Turnover" criteria also subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Turnover, shall upload the supporting documents to prove his eligibility for Relaxation.
3. If the bidder is a DPIIT registered Startup, the bidder shall be relaxed from the the eligibility criteria of "Experience Criteria" as defined above subject to their meeting of quality and technical specifications. The bidder seeking Relaxation from Experience Criteria, shall upload the supporting documents to prove his eligibility for Relaxation.
4. If the bidder is a DPIIT registered Startup, the bidder shall be relaxed from the the eligibility criteria of "Bidder Turnover" as defined above subject to their meeting of quality and technical specifications. If the bidder is DPIIT Registered OEM of the offered products, it would be relaxed from the "OEM Average Turnover" criteria also subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Turnover shall upload the supporting documents to prove his eligibility for Relaxation.
5. The minimum average annual financial turnover of the bidder during the last three years, ending on 31st March of the previous financial year, should be as indicated above in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the bidder is less than 3-year-old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.
6. Years of Past Experience required: The bidder must have experience for number of years as indicated above in bid document (ending month of March prior to the bid opening) of providing similar type of services to any Central / State Govt Organization / PSU. P Description GCS Charging Cable The GCS charging cables revealed damage during inspection. Replacement is necessary to prevent any potential charging failures that could affect ground control operations. Battery Repair Two of the battery connectors exhibited damage during inspection and require replacement to ensure reliable power delivery. Additionally, one strip of battery cell on the left side of the battery has sustained damage and will necessitate repair to prevent potential power failure during operation. Battery Connector One of the battery was found to be damaged, required replacement. Battery charger connector The charging connector for the ground control station was noted to be loose. Tightening or replacement is recommended to ensure stable connections during charging operations. Landing Gear The landing gear was found to have damage in two specific components. Given the critical role of these components in ensuring safe landings, they will need to be replaced promptly to maintain operational readiness. Motor During inspection, a fault was identified in one of the motor threads. This defect requires immediate attention and replacement to ensure the UVA operates efficiently and safely at all times. Lan Cable This LAN cable requires replacement to ensure uninterrupted data transmission between the UVA and ground control system. Ground GPS Unfortunately, the ground GNSS receiver has been found to be faulty. Given its importance for maintaining accurate navigation data, it will need to be replaced. Propeller Two rotors were indentified as damaged: one counter clockwise rotor and on clockwise roter. It is vital to replace both to maintain balanced lift and flight stability, as compromised rotors can significantly affect overall performance. Charger Power Cable The power cable for the charger has been found to have cuts, which could pose safety hazards. Replacement of this cable is critical to ensure safe charging procedures.
