The fall clause is a price safety mechanism in rate contracts. The fall clause provides that if the rate contract holder reduces its price or sells or even offers to sell the rate contracted goods or services following conditions of sale similar to those of the rate contract, at a price lower than the rate contract price, to any person or Organisation during the currency of the rate contract, the rate contract price will be automatically reduced with effect from that date for all the subsequent supplies under the rate contract and the rate contract amended accordingly. Other parallel rate contract holders, if any, are also to be allowed to reduce their price by notifying the r

educated price to them, giving 07 (seven) days to intimate their revised prices, if they so desire, in a sealed cover to be opened in public on the specified date and time and further action taken as per standard practice. On many occasions, the parallel rate contract holders attempt to grab more orders by unethical means by announcing a price reduction (after getting the rate contract) under the guise of the Fall Clause. As mentioned in the preceding paragraph, this situation must be handled similarly. It is, however, very much necessary that the purchase organisations keep a particular watch on the performance of such rate contract holders who reduce their prices on one pretext or another. If their performances are not up to the mark, appropriately severe action should be taken against them, including deregistering them, suspending business deals with them, debarring them for upto two years from participating in the tender enquiry floated by the concerned purchase organisation, etc. The provisions of the fall clause will, however, not apply to the following:

- i) Export/Deemed Export by the Supplier;
- ii) Sale of goods or services as original equipment prices lower than the price charged for routine replacement;
- iii) Sale of goods (such as drugs) which have expiry dates;
- iv) Sale of goods or services at lower prices –
 - 1) on or after the date of completion of placement of order of goods by the procuring entity, under the existing or previous Rate Contracts
 - 2) under any previous contracts entered with the Central or State Government Departments, including new undertakings (excluding joint sector companies and/or private parties) and bodies.
- i) The Rate Contract holder shall furnish the following certificate to the concerned Paying Authority along with each bill for payment of supplies made:

“ I/We certify that there has been no reduction in the sale price of the goods of description identical to the goods supplied under this contract and such goods have not been offered/sold by me/ us to any person /organisation including the purchaser or any department of Central Government or any as the case may be upto the date of bill/ the date of completion of supplies against all supply orders placed during the currency of the Rate contract at a price lower than the price charged under the contract.”

39. All certificate will be provided by the bidder that product is meeting, all specifications of MHA Approved QRs/TDs.
